

SUMMIT ARCHED BOARD

New to the Eva-Tech™ Summit range, Eva-Last® has developed a new 1st generation board. Designed to be light weight and cost effective, making it ideal for DIY and residential application. With several colours and patterns available to match the most modern of homes to the most simplistic small garden.

Designed from the original Summit board, known for its strength and versatility in the harshest of applications. The new Summit Arched board has been designed with the precision and accuracy that has come to be expected of our boards, while making use of the sturdy natural compressive forces of the 3 arched gaps.

GENERAL INFORMATION

PROFILE					
	Eva-tech				
COLOURS	ARUNA	RUSTEAK	XAVIA	MERBAU*	PEBBLE*
PATTERNS	WYDE			TREAD 3D	
DIMENSIONS mm	146 x 24				
MASS PER m (kg)	3.45				
MASS PER PLANK (kg)	20.0				
MAX JOIST SPACING ON CENTRES	300				
m/m ²	6.62				
PLANKS /m ²	1.14				
EPH TEST RESULTS (EN15534-1:2014) - GENERATION 1					
ANTI -SLIP PROPERTIES	CLASS A				
DENSITY	1196 Kg/m³				
LINEAR THERMAL EXPANSION COEFFICIENT	40.1 x 10⁻⁶K⁻¹				
FALLING MASS IMPACT RESISTANCE	FULFILLED				
ARTIFICIAL WEATHERING	FULFILLED
